## Anantara Jabal Akhdar team visits NHI to interview and select students

Members of the Anantara Jabal Akhdar team recently visited National Hospitality Institute (NHI) to interview and select potential students to work at their five-star property.

The selected students will train under the funding of the National Training Fund (NTF) or the PDO initiative and all

have guaranteed jobs before they start the training. During their time at NHI, the team enjoyed lunch in NHI classroom restaurant where they were able to see the live training of students in the kitchen and in the restaurant.

Discussions took place on the programme content and the

various initiatives that NHI organises to ensure that the students are stimulated and ready for the workplace when they leave.

The Anantara team enjoyed the lunch and discussions and look forward to the selected Omanis to start the training at NHI.
